

CARBONFLEX™

Sharpline's CarbonFlex™ high-performance wrap film is the stylish and cost-effective way to add a high-tech graphic enhancement to the interior and exterior appearance of autos, pickups, SUVs, RVs, boats and personal watercraft.

- Ultra-conformable, state-of-the-art textured film with the look and feel of real carbon fiber
- Special "air-egress" adhesive system provides virtually bubble-free installation.
- Up to 5 year exterior durability - based on environmental conditions, application direction and proper installation techniques.
- Available in 30" & **EXTRA WIDE 60"** rolls
- Designed for use as a vehicle wrap film.

CarbonFlex™ upgrades the appearance of...
